

Transforming Technology: losses to gains

Let our innovative technology increase your cash flow

♦ Let us connect so we can collect

Welcome **Vandenberg, Chase and Associates, LLC** specializes in and is driven by the successful recovery of delinquent accounts receivables, while maintaining a commitment to high ethical and compliance standards. The VCA team offers a combination of highly-developed skills and a wide-range of prompt, professional accounts receivable collection and bad debt collection programs specifically designed to fit your company's needs. We emphasize both pre and post judgment collections and garnishments.

Technology

Leading-edge accounts receivables management technologies are core to VCA's ability to deliver maximum netback, quickly and cost effectively. VCA achieves operational best practices by employing some of the best technologies in the collections industry. We are currently utilizing some of the best resources in our industry in the following areas:

- Enterprise Collection System
- Dialer Technology
- Electronic Customer Payment
- Skip Tracing
- Security
- Scoring
